

Yujeong Park

+82-10-2796-7452 | yujeong0306@snu.ac.kr | Seoul, Republic of Korea

M.S. candidate in Environmental Management with research experience in offshore wind policy, stakeholder engagement, and energy transition in Korea. Experienced in project coordination and administration across international development and government-funded projects, including budgeting, donor reporting, and stakeholder communication. Fluent in Korean and proficient in English.

EXPERIENCE

Seoul National University, Graduate School of Environmental Studies

Seoul, Republic of Korea

Research projects (Master's programme)

Dec. 2024 – May 2026

Offshore Wind Expansion in Coexistence with Marine Ecosystems | *Oceans 5*

Mar. 2025 – May 2026

- Conducted field research across Korea's offshore wind project areas (Incheon, Yeosu, Ulsan, and Yeonggwang), interviewing fishers, residents, local-government officials, and developers
- Analysed the relationships and competing positions among these stakeholder groups
- Co-authored an *Energy Transition Brief* — “European Offshore Wind Monitoring Systems and Tasks for Korea” — examining European monitoring regimes and setting out policy recommendations to build social acceptance of offshore wind in Korea

Fisheries Engagement Framework Development | *Ocean Energy Pathway (OEP)*

Jul. 2025 – Jan. 2026

- Co-authored *Working Together for a Cleaner Future*, a report for OEP proposing a standard public-private council model to help address offshore wind stakeholder conflicts and inform the draft enforcement decree of Korea's Special Act on the Promotion of Offshore Wind Power Distribution and Industrial Development
- Communicated with local-government officials, offshore wind researchers, a communications scholar, and legal experts to gather feedback on draft recommendations for offshore wind public-private council design
- Coordinated a local-government consultation with officials from major offshore wind project areas to gather field-level feedback on the proposed guidelines and municipal implementation challenges

Carbon-Neutrality Implementation Plan, SNU Campus | *Seoul National University*

Dec. 2024 – Mar. 2025

- Researched carbon-neutrality initiatives at overseas universities, analysing their governance structures, dedicated bodies, and energy-transition policies
- Conducted a campus-wide perception survey and ran a forum to gather and synthesise community views on a proposed carbon-tax scenario

Save the Children Korea

Seoul, Republic of Korea

Project Coordinator, International Programmes

Feb. 2022 – Aug. 2024

Climate Programme Team — Nepal & Mongolia

Feb. 2023 – Aug. 2024

- Managed a USD 0.5M in-house climate adaptation and livelihoods programme in Nepal while concurrently planning a comparably sized climate mitigation and adaptation programme in Mongolia — around USD 1M combined and together targeting over 26,000 beneficiaries
- Coordinated overall schedules and budgets, monitored project delivery, and worked with local teams to resolve field-level issues and handle administrative steps such as budget revisions
- Reviewed project proposals and drafted donor-facing documents, including half-yearly results reports and budget-revision requests, ensuring alignment with donor requirements and internal procedures

Health Team — Uganda Maternal & Newborn Health Project

Feb. 2022 – Feb. 2024

- Managed donor reporting and budgets for a USD 1.5M KOICA-funded maternal & newborn health project (reaching over 82,000 direct beneficiaries) and an in-house programme, while supporting in-country project coordination with local project managers and officers
- Posted to Save the Children’s Uganda Country Office (Kampala; Nov. 2022 – Sep. 2023) as the KOICA Project Advisor, conducting regular field monitoring visits and working in English with local staff and stakeholders to assess project progress and identify implementation issues
- Served as a consultation and escalation point for local project managers and officers, helping assess field-level challenges, develop practical solutions, and escalate matters requiring Korea-office approval with clear analysis and proposed next steps
- Reviewed project expenditures and supporting documents in detail to ensure costs were accurately allocated by activity, date, and project for budget settlement and donor reporting

Korea International Trade Association (KITA), Daejeon Branch

Daejeon, Republic of Korea

Assistant Manager

Sep. 2020 – Mar. 2021

- Coordinated six concurrent government-funded projects supporting 42 companies, managing schedules, budgets, risk tracking, reporting, and delivery within required timelines
- Prepared and submitted performance and financial reports to Sejong City Hall for government-funded projects, ensuring compliance with contractual deliverables
- Reviewed monthly progress and expenditure documentation, administered fund disbursements, and planned and delivered a regional “KITA Membership Day” event for SME members

EDUCATION

Seoul National University, Graduate School of Environmental Studies

M.S. in Environmental Management

Seoul, Republic of Korea

Sep. 2024 – Aug. 2026 (Expected)

Chungnam National University

B.A. in Political Science & International Relations; Commerce & Trade

Daejeon, Republic of Korea

Mar. 2015 – Aug. 2020

CONFERENCE

- “Open Doors, Closed Awareness: Media Discourse on Cooling Practices and Energy Perception in South Korea.” *10th International Symposium on Environmental Sociology in East Asia (ISESEA-10)*, National Taiwan University, Taipei, Taiwan, Oct. 2025.
- “Is It Just Me? Citizen Perceptions and Pluralistic Ignorance of Open-Door Air-Conditioning at Retail Stores in Seoul.” *2026 Spring Conference, Korean Association for Environmental Sociology*, Seoul National University, Seoul, Republic of Korea, Apr. 2026.
